

11

ding doom —                      ding doom — doom —                      ding doom —

But eve-ry time you — come too close I move a - way —                      I wan-na be-lieve

ding ding doom —                      di ding doom — doom —                      *mp* di ding doom —

doom —                      doom —                      doom t *p* doom —                      t de

doom t doom —                      t                      doom t doom — da t dee doom                      doom —

14

ding ding doom — doom —                      But

— in e - v'ry - thing that you say —                      uh 'Cause it sounds so — good —                      But

di ding doom — doom —                      ding — doom —                      ding — doom —                      ding — ding — doom —

doom t doom — da t dee doom t dee doom                      t dee doom t dee doom t

doom —                      ding ding doom —                      ding                      ding doom —                      ding ding ding — doom —

17

if you real-ly want — me,                      move — slow —                      you                      just

if you real-ly want — me,                      move — slow —                      There's things a-bout — me                      you just have to know —

—                      you                      just

doom t doom —                      t de doom t doom —                      t                      doom t doom —                      t

—                      you                      just
